## Coaching programme

ESTRI accompanys its students in the developpement of their professional project through an unique programme composed of 3 units:

### **Academic preparation / professional preparation / Personal development**

- Academic strengthening to ensure academic success (95% success in the B.A in Applied Foreign languages)
- Professionalizing workshops programme managed by a team of consultants to develop skills and qualities of each student
- 4-week intensive training at the beginning of the 1st year to improve language proficiency and learn university methodology
- Personalized tutoring to develop self-confidence
- Coaching to ensure the achievement of student’s professional project:
  1. by a study manager ensuring constant academic follow-up of students
  2. by a team of internship managers preparing students for periods of mobility

## Targeted skills

- Recognizing cultural references and systems to analyze and identify socio-cultural issues
- Understanding and comparing organizational, political, economic and international legal systems to assist their superiors
- Cooperating in the international project organization, management and planning and adapting to different ways of working in a multicultural context
- Interacting, defending ideas, leading debates/meetings, participating in negotiations and prospecting in several languages
- Translating and interpreting socio-economic and technical documents from and into two foreign languages
- Producing, writing, adapting, synthesizing multilingual technical and commercial documents
- Researching, collecting and using multilingual information in order to create and distribute digital documents
- Using Office software and adapting to various digital work environments

*The programme might change every year according to the evolution of the markets.*

---

## Assessment methods

- Continuous assessment
  - Final examinations at the end of semester
  - *JURY DE VALIDATION SEMESTRIEL*
  - *JURY DE CERTIFICATION*
- 

## Internships

- Mandatory internship
- Internship abroad
  - 1st year: Socioprofessional immersion internship in an English speaking country (3 to 4 months)
